Dear Proposals team,

The above-mentioned Pure application record is still showing as “waiting for pre-approval officer to be appointed”.

Given the record was still open for me to edit, I have now attached the Official order in Pure.

It would be appreciated if this matter could be progressed and the order executed as soon as possible.

Kind regards,  
Sheree

Dear Proposals Team,

Could you please assist in finalising this Pure application record (107161860), which appears to be stuck at the pre-approval stage “waiting for pre-approval officer to be appointed”? It is a tender proposal for the Australian Commission on Safety and Quality in Health Care and we anticipate having the official order shortly, which will need to proceed to execution quickly to meet the deliverable timelines. We will forward the official order as soon as it is received.

Please let me know should you require any additional information.

Kind regards,  
Sheree
