Re: Letter of Support for Racism it Stops With Me PACE project

I'm writing to confirm the City of Ryde's support and participation as a project partner in the proposed "Racism. It stops with Me" project. The City of Ryde believes that the proposed project creates an opportunity to build on Macquarie University's report findings on racism experienced by international students. The project will develop effective anti-racism strategies and resources for International students who make up a significant portion of Ryde's culturally and linguistically diverse communities as well as CALD community members.

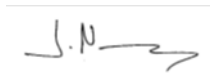

Proposed deliverables

1. Print resource packs (available in multiple languages) on racism prevention, reporting and victim supporting for both international student and non-student residents of Ryde;
2. Website content with multimedia and interactive resources
3. An online 'safety' map

The City of Ryde confirms that the support provided will include both in-kind support (meeting venues, coordination, supervision, project meetings, marketing collateral, printing) as well as a financial contribution to the project budget.

Should you require any further information or details regarding the City of Ryde's support for this project proposal please do not hesitate to contact me on any of the below.

Kind Regards,

Jonathan Nanlohy
