Qualifications
1 Jan 2018 HDR Supervision Orientation 2018-2020, HDR30
11 Apr 2017 HDR Supervision-Hot Topic, HDR13
29 Mar 2017 HDR Supervision Training (Historic Record), HDR99
26 Oct 2016 HDR Supervision-Research Training in a Digital Age, HDR08
6 May 2015 HDR Supervision Training (Historic Record), HDR99
13 Mar 2014 HDR Supervision Training (Historic Record), HDR99
12 Sep 2013 HDR Supervision Training (Historic Record), HDR99
8 Feb 2013 HDR Supervision Training (Historic Record), HDR99
26 Sep 2011 HDR Supervision Training (Historic Record), HDR99

Research outputs
High noon on high petrol prices as excise relief ends

Energy Crisis 2. Diesel has joined natural gas and coal
De Mello, L., 5 Jun 2022, Viable.Earth.

Please explain: Why is petrol so expensive?

Forecasting commodity returns by exploiting climate model forecasts of the El Niño Southern Oscillation

Budget relief for motorists and most taxpayers – but opportunities missed by the Treasurer

Petrol pain to ease, cash for mental health and one-off payments: what to expect in the 2022 Federal Budget

Please explain: What's behind the world's energy crisis?

Suddenly we are in the middle of a global energy crisis. What happened?

Why you should be excited about Open Banking

Aggregate investor confidence, price momentum and asset pricing
Behavioural Accounting

Investor overconfidence in experimental asset markets across market states

Multiscale lead-lag relationships in oil and refined product return dynamics: A symbolic wavelet transfer entropy approach

How universities can help fill the skill gap in Australia

Jobs crisis: when will Australians work again?

Oil tanks, driving prices into uncharted waters

Oil price crash casts dark shadow on manufacturing

Why are Sydney petrol prices suddenly so high?

Will Australia run out of petrol?

Why do petrol prices fluctuate so much?

Evaluating volatility forecasts with ultra-high-frequency data—evidence from the Australian equity market

The influence of textual presentation order and graphical presentation on the judgements of non-professional investors

Factors driving memory fallibility: A conceptual framework for accounting and finance studies

Polypropylene price dynamics: input costs or downstream demand?

A Practical guide for non-financial companies when modeling longer-term currency and commodity exposures

Factors driving memory fallibility: A conceptual framework for accounting and assurance studies

Econometric analysis of Australian emissions markets and electricity prices
The impact of information presentation order on the judgments of non-professional investors

Neurosciences: The next frontier of behavioral accounting?

Oil price volatility and stock price fluctuations in an emerging market: Evidence from South Korea

Does the ‘environmental Kuznets curve’ exist? An application of long-run structural modelling to Saudi Arabia

Price dynamics of crude oil and the regional ethylene markets

Price dynamics of natural gas and the regional methanol markets

The consumption-based capital asset-pricing model (CCAPM), habit-based consumption and the equity premium in an Australian context

Price dynamics of polypropylene and its feedstocks in Asia and North West Europe

What drives carbon-dioxide emissions: income or electricity generation? evidence from Saudi Arabia

Do stock prices play a significant role in formulating monetary policy? a case study

Systemic risk in the major Eurobanking markets: evidence from inter-bank offered rates
